

Case Name _____

Case Number _____

LIST OF PUTATIVE FATHERS

Since paternity is not established for _____, you must list below the Names of all the men who may be the father. List the man most likely to be father on Line 1, the next most likely on Line 2, etc. This will help the Division of Child Support Enforcement to establish paternity for this child more quickly.

If genetic tests show that the men named on Line 1 and 2 below are not the father, you will be considered as not cooperating and your TANF benefits will be reduced or you case closed until paternity is established.

1. _____
2. _____
3. _____
4. _____
5. _____

I certify that the information given is true and accurate to the best of my knowledge.

Signature of Applicant/Recipient _____

(File in Case Record)

LIST OF PUTATIVE FATHERS

FORM NUMBER – 032-03-880/1

PURPOSE OF FORM – To obtain from the applicant/recipient a listing of the individuals who may be the father in rank order of their probability of being the father to guide DCSE in the establishment of paternity.

USE OF FORM - This form is required when a child's paternity is not established.

NUMBER OF COPIES – One

DISPOSITION OF FORM – File in the case record.

INSTRUCTIONS FOR PREPARATION OF FORM –

Identifying Data: The worker must enter the Case Name and Case Number in the upper right hand corner.

The name of the child must be entered by the worker.

Enter the following as indicated by the applicant/recipient:

- | | |
|--------------------------|--|
| Line 1 | The putative father named by the applicant/recipient as the child's father or the man most likely to be the father; |
| Line 2 | The putative father named by the applicant/recipient as the second most likely to be the father; |
| Line 3 to
end of list | All other individuals with whom the mother had sexual intercourse who may be the father in rank order of their probability of being the father. If necessary, the list may be continued on the back of the form, with the rank order of each individual specified. |
